

DATE: July 25, 2019

TO: Todd Wyett, Chairman
State Transportation Commission

FROM: Paul C. Ajegba, P.E.
Director

SUBJECT: Waiver of Commission Approval

The projects and descriptions documented in Exhibit A, attached, are contracts between the Michigan Department of Transportation and local public agencies. These contracts require approval of the State Transportation Commission (STC). The approximate thirteen-week delay if Commission approval were deferred to the next State Transportation Commission meeting of October 17, 2019, would result in a delay in transmittal of funds, jeopardize project schedules, and transportation services.

A waiver of the required Commission approval is requested, as provided in Commission Resolution 79-3, as amended, footnote F:

"If, in the opinion of the Director, the public interest requires that a certain contract be awarded or an agreement be executed prior to approval by the Commission, hereunder, the Director shall seek a waiver of the required approval from the Chairman of the Transportation Commission. If the request of the approval is verbal, the waiver shall be confirmed, in writing, within fourteen (14) days."

If the waiver is granted, the Department will proceed to execute the items noted above.
